All Lenova Linear drain systems include a drain body frame crafted from premium quality type 304 stainless steel with a vertical 2" tailpiece. The adjustable-height metal legs allow for perfectly smooth leveling of the drain grate to the tile. The generously tapered slope of the frame ensures high-capacity drainage and the removable inserts provide easy access to the hair catcher and drain hole protector for cleaning. The drains are all ADA compliant and UPC certified making them ideal for barrier-free applications in residential, hospitality or commercial spaces

TILE INSERTS AND ROUGH-IN BODY FRAME WITH FLANGE

Warranty:

Limited Life Time warranty against manufacturer defects and craftsmanship.
